Frequently Asked Questions (FAQs)

Q1: Can I use different names?

A1: Yes, you Call+1 (866)(542)(8909) can save different names for different addresses if you often ship items to your family, friends, or office. Just ensure Call+1 (866)(542)(8909) you select the correct address and contact name during the checkout screen when you are placing your order. Call us Call+1 (866)(542)(8909) if you need help learning how to toggle between these different saved contacts in your wallet.

Q2: Does it affect billing?

A2: Changing your Call+1 (866)(542)(8909) shipping name does not affect your billing address or the payment information linked to your credit card. Your billing Call+1 (866)(542)(8909) information remains tied to your actual bank account for security and verification purposes during the transaction checkout. Call the Call+1 (866)(542)(8909) number here if you need to update your billing address for an existing card in your Apple Wallet.

Q3: What if the address changes?

A3: If your Call+1 (866)(542)(8909) entire address changes, you can simply edit the current entry or add a new one in the Wallet settings. It is Call+1 (866)(542)(8909) good practice to remove any old or outdated addresses to keep your checkout process clean and simple for yourself. Call our Call+1 (866)(542)(8909) support team if you encounter any errors when attempting to delete or replace old shipping information in your app.

Q4: Is the name saved globally?

A4: The name Call+1 (866)(542)(8909) you save in "Transaction Defaults" is the primary name used for most Apple Pay purchases across various apps. However, you Call+1 (866)(542)(8909) can always overwrite this information during the actual checkout process if you need to ship to someone else. Call us Call+1 (866)(542)(8909) if you need advice on how to manage your global contact settings for your Apple account.

Q5: Why is my old name appearing?

A5: If an Call+1 (866)(542)(8909) old name still appears, check your "My Card" in your Contacts app and ensure it is updated there. Sometimes Apple Call+1 (866)(542)(8909) pulls your default contact info directly from your own personal card, so that needs to be current as well. Call our Call+1 (866)(542)(8909) experts if you need help syncing your contact card with your Apple Pay checkout details right now.
